Theme of the course: "DESIGNING THE RESTORATION: themes, tools, methods and examples". The course put forward a comprehensive and in-depth explanation of restoration projects implemented in the territory of Bergamo and Province in recent years. Examples were presented which were particularly interesting both for the buildings involved and the problems faced.

- In March 2014, as owner of the hosting company associated with ASSORESTAURO, Italian Association for Architectural Restoration and Urban Art, I attended the "Training Course in Italy for Foreign Operators ICE - Assorestauro" on the theme: "The great interventions of restoration"

At the church of St. Agatha in Carmine, together with Arch. Adele Sironi I explained to a group of 43 Russian architects, course participants (officials FGUP CNRP, the oldest and most prestigious Institute of Restoration in Moscow, university students and professionals specializing in restoration), two major projects implemented by the Studio of Marco Paolo Servalli and Adele Sironi

"Church of St. Agatha in Carmine": an example of a planned restoration, a fundraising project and a maintenance schedule;

"Palace Spampatti": an example of a residential restoration.

- In October and November 2012 I was a speaker at the project called MAE-Regions -China - CULTURAL HERITAGE, THE SOURCE OF WISDOM, HERITAGE OF ALL HUMANITY " "Institutional Partnership between Italian Regions and Chinese Provinces in the Cultural Heritage Restoration and Valorization .

"Promoted by the Lombardy Region and Assorestauro. The project involved holding functions or seminars for Chinese technicians in Italy and a workshop demonstration of technologies, Italian materials and methodologies in China

The objective of the project was to raise awareness of qualified institutions and field technicians, technologies and entrepreneurship of the companies that participated in the initiative, in order to give the opportunity to operate or open business relationships more easily in China.
